Dear Clearwater R-1 Parents and Guardians:

Your child's education and safety is of the utmost importance to the Clearwater R-1 School District. We would like to share with you some of the many resources and activities available to you and your child during this extended school closure.

There are countless resources available to families. The list provided is only a small sample of what is available.

We understand that not everyone has access to online resources; many activities listed do not require internet or a technological device. The district strongly encourages students to participate in some sort of daily learning.

Please watch the Clearwater R-1 School District Facebook Page and [www.cwtigers.net](http://www.cwtigers.net) throughout the school closure for more activities and learning resources.
