

2020-2021 Remote Learning with Clearwater R-1 Staff Guidelines/Enrollment

The Clearwater R-1 School District is offering students the option of participating in remote learning beginning August 25, 2020. Remote learning is designed for those families who are not comfortable sending their child(ren) to school due to Covid-19.

Listed are the remote learning guidelines:

1. Families who choose remote learning with Clearwater R-1 staff over on-site learning must commit to do so for one quarter due to scheduling issues.
2. Students enrolled in remote learning will not be able to participate in any MSHSAA or school (Non-MSHSAA) activities, including, but not limited to athletics, club meetings, field trips, speech tournaments, etc.
3. Households must have reliable internet service. The remote program will contain video lessons that require internet speeds capable of streaming videos. Currently the parking lot at elementary, middle and high school are active internet access points via district issued devices. The district is researching other areas in the community to add possible access points in the future. Households without adequate internet service may contact the district technology office to discuss possible alternative resources.
4. Remote learning will be facilitated by Clearwater R-1 teachers via Google Meet/Classroom.
5. Parents and/or students must be familiar with Google Meet/Classroom and have the ability to use it effectively.
6. Expectations and accountability for students will be the same as that of the in-person classroom.
7. Students will be required to participate in instruction each day school is in session. Students must make attending live-streamed sessions a priority. Schedules will be determined by building administration and remote teachers.
8. Remote assignments will be graded using the same Pk-12 grading practices as in-person classes.
9. Parents/Caregivers must commit to providing support for students in order to ensure remote learning is successful.
10. Attendance will be verified daily.
11. Students must keep up with the pace of the remote course and turn in assignments as assigned. Failure to complete assignments and participate in remote classes will result in failing grades that could lead to course failure and/or grade level retention.
12. Students must participate in all required state assessments. All mandated assessments, including the Missouri Assessment Program (MAP) and End of Course assessments as required by the Missouri Department of Elementary and Secondary Education will be administered on-site. Arrangements will be made in advance and will adhere to guidelines.
13. Kindergarten--6th Grade – Students will receive Music, Art, and PE weekly. 7th - 12th Grade – Students may enroll in traditional elective courses. Course availability will be based on student interest.
14. Meals (breakfast and lunch) for students enrolled in remote learning will be available for pick-up at the front entrance of Clearwater Elementary from 10:00-10:30 daily.
15. Students with an IEP and/or a 504 plan may choose to enroll in the Clearwater R-I School District Remote Learning Program.
16. English Learners (ELs) may choose to enroll in the Clearwater R-I School District Remote Learning Program.

I have read, and agree to abide by, the Remote Learning guidelines as set forth in this document. I wish to register my child for participation in the Clearwater R-1 Remote Learning option for 2020-2021 and understand my child will be enrolled in the option for the entire quarter. I can revisit this option for next quarter. **The completed form must be turned in to any building office no later than August 19, 2020.**
